

# BHE 50 Plus

BATHROOM RADIATOR

PRODUCT-NO.: 239141

These electric bathroom radiators supply you efficiently with the right amount of heat, just where you need it, all year round. Their blend of appealing design and functionality is a real winner. The operating controls are fitted at the perfect height for you to be able to adjust the temperature with ease.

Thanks to the slender round pipes and evenly distributed heat, you can hang your hand and bath towels on the radiator at several levels to dry or warm up. With their particular properties, the bathroom radiators in this series are ideal for use as booster heaters or interim heaters in spring/autumn.

## The main features

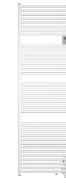

Electric-only operation due to factory filling with heat transfer medium

Can also be connected to the hot water heating network

Premium design with round pipes

Operating controls with illuminated LCD screen

With stepless temperature adjustment

Type	BHE 50 Plus	BHE 100 Plus
<b>Part no.</b>	239141	238714

## Wärmeleistung

<b>Rated heating output P<sub>nom</sub></b>	0.50 kW	1.00 kW
<b>Minimum heating output (standard value) P<sub>min</sub></b>	0.00 kW	0.00 kW
<b>Maximum continuous heating output P<sub>max,c</sub></b>	0.50 kW	1.00 kW

## Hilfsstromverbrauch

<b>Auxiliary power consumption with rated heating output e<sub>lmax</sub></b>	0.00 kW	0.00 kW
<b>Auxiliary power consumption with minimum heating output e<sub>lmin</sub></b>	0.00 kW	0.00 kW
<b>Auxiliary power consumption in standby mode e<sub>lSB</sub></b>	0.00 kW	0.00 kW

## Art der Wärmeleistung/Raumtemperaturkontrolle

<b>Type of heating output/room temperature control: Single stage heating output, no room temperature control</b>	-	-
<b>Type of heating output/room temperature control: Two or more manually adjustable stages, no room temperature control</b>	-	-
<b>Type of heating output/room temperature control: Room temperature control with mechanical thermostat</b>	-	-
<b>Type of heating output/room temperature control: With electronic room temperature control</b>	-	-
<b>Type of heating output/room temperature control: Electronic room temperature control and time of day control</b>	-	-
<b>Type of heating output/room temperature control: Electronic room temperature control and day of week control</b>	x	x

## Sonstige Regelungsoptionen

<b>Other control options: Room temperature control with presence detection</b>	-	-
<b>Other control options: Room temperature control with window open detection</b>	-	-
<b>Other control options: With remote control option</b>	-	-
<b>Other control options: With adaptive control of heating startup</b>	x	x
<b>Other control options: With operating time limitation</b>	-	-
<b>Other control options: With black bulb sensor</b>	-	-

Depth including wall mounting bracket

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
