

# RHB 700

RADIANT HEATER

PRODUCT-NO.: 234424

The perfect amount of heat for you – this is what sets our radiant heaters apart. The heat is emitted from the appliance in a special way, which you will find very pleasant. At the same time, this heater will be a real design feature in your home, thanks to its slimline design and minimalist glass surface.

The appliance owes its visual appeal in part to the masking frame on the back. This conceals the wall mounting bracket and electrical connection after installation. All that remains is for you to choose between a white or black surface. Furthermore, when combined with our room temperature controllers, these heaters have no difficulty complying with the Ecodesign Directive.

## The main features

Ideal as an interim heater in spring/autumn or as a booster heater

---

Pleasant radiant heat

---

Clean design with high quality glass surface

---

Can be installed vertically or horizontally

---

Black glass surface

Type	RHB 700	RHW 700
Part no.	234424	234428

## Wärmeleistung

Rated heating output P <sub>nom</sub>	0.70 kW	0.70 kW
Minimum heating output (standard value) P <sub>min</sub>	0.00 kW	0.00 kW
Maximum continuous heating output P <sub>max,c</sub>	0.70 kW	0.70 kW

## Hilfsstromverbrauch

Auxiliary power consumption with rated heating output e <sub>lmax</sub>	0.00 kW	0.00 kW
Auxiliary power consumption with minimum heating output e <sub>lmin</sub>	0.00 kW	0.00 kW
Auxiliary power consumption in standby mode e <sub>lSB</sub>	0.00 kW	0.00 kW

## Art der Wärmeleistung/Raumtemperaturkontrolle

Type of heating output/room temperature control: Single stage heating output, no room temperature control	-	-
Type of heating output/room temperature control: Two or more manually adjustable stages, no room temperature control	-	-
Type of heating output/room temperature control: Room temperature control with mechanical thermostat	-	-
Type of heating output/room temperature control: With electronic room temperature control	-	-
Type of heating output/room temperature control: Electronic room temperature control and time of day control	-	-
Type of heating output/room temperature control: Electronic room temperature control and day of week control	x	x

## Sonstige Regelungsoptionen

Other control options: Room temperature control with presence detection	-	-
Other control options: Room temperature control with window open detection	-	-
Other control options: With remote control option	-	-
Other control options: With adaptive control of heating startup	x	x
Other control options: With operating time limitation	-	-
Other control options: With black bulb sensor	-	-

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
