

# DEL 27 Plus

CONVENIENCE INSTANTANEOUS WATER  
HEATER

PRODUCT-NO.: 236740

## **DEL Plus instantaneous water heater – the best equipped 3i appliance.**

No other instantaneous water heater with 3i technology has such a wide range of features as the DEL Plus. With backlit multifunction display, temperature memory, childproofing and ECO mode, it offers best-in-class comfort and convenience. The energy and water saving ECO mode can be used to limit the maximum flow rate of the DEL Plus to enable a constant DHW temperature, even where inlet temperatures are low. Where required, the instantaneous water heater can be very conveniently operated from a distance with the FFB4 Set EU wireless remote control.

## The main features

Electronically controlled instantaneous water heater

3i technology for accurate temperature delivery up to maximum output

Three-stage ECO mode for increased DHW convenience and greater energy savings

Backlit multifunction display with output information

Temperature memory keys

Adjustable temperature limit for childproofing (anti-scalding protection)

Can be combined with FFB 4 (Set) EU wireless remote control
